Forecast for Wednesday 23 Jun 2021

Weather: Cloudy with outbreaks of mostly light rain and drizzle. The precipitation across eastern Argyll and The Trossachs tending to be lighter and patchier and there is the chance of some brighter spells here too.

Chance of cloud free mountain/hill tops above 800m: Close to zero through much of the day, but eastern hills closer to 60% for a time in the afternoon.

Visibility: Periods or persistent cloud 300-450m with patches below in west, but nearer 600m in the east and for a time here in the afternoon cloud more occasional above about 750m. Away from cloud, visibility good falling to several kilometres at times in rain or drizzle.

Met Office Aberdeen Meteorologist's View
Eastern Glen temperatures may reach 18 Celsius in the afternoon.

Forecast for Thursday 24 Jun 2021
Weather: Some brighter spells in the east, especially through the morning, but generally a cloudy day with patchy light rain, the rain becoming more persistent and occasionally heavy through the afternoon.

Maximum wind: Southwesterly 15-20mph, then veering northwesterly later.

Chance of cloud free mountain/hill tops above 800m: Around 60% in east through the morning, otherwise close to zero.

Visibility: Occasional or periods of cloud above about 750m in east through the morning, otherwise periods or persistent cloud above 300m to 450m. Away from cloud, visibility good falling to just a few kilometres in heavier rain.

Temperature: **Glens:** Around plus 11 Celsius at dawn rising to plus 17 or 18 Celsius by day
At 800m: Around plus 9 Celsius falling to plus 6 Celsius in evening
Freezing level: Well above the summits.
